...and so much more!

A MESSAGE FROM US

Spring has dawned on our little corner of the universe!

We can't wait to see what the season brings for us here at Tudor Lodge.

A Family Catch-up

Our Deputy Manager, Hayley, accompanied a resident to Barham Crematorium so they could spend time honouring and remembering their loved ones.

These visits are deeply important, offering space for reflection, reminiscence and keeping precious memories close.

We're always proud to support our residents in moments like this - ensuring they're never alone when paying tribute to the people who shaped their lives.

Scott Jenner Stuns!

Happy Birthday John

Managers, deputies and corporate staff from across Sai Care Homes gathered this month to wish John a very happy birthday!

We hope he had a wonderful birthday week!

Our dining room gave the Ministry of Sound a run for its money

Regular performer, Scott Jenner of Recollections Entertainments, simply wowed our residents with a variety performance of classic hits!

Scott has a knack for getting everyone on their feet and

dancing - and this visit was no different.

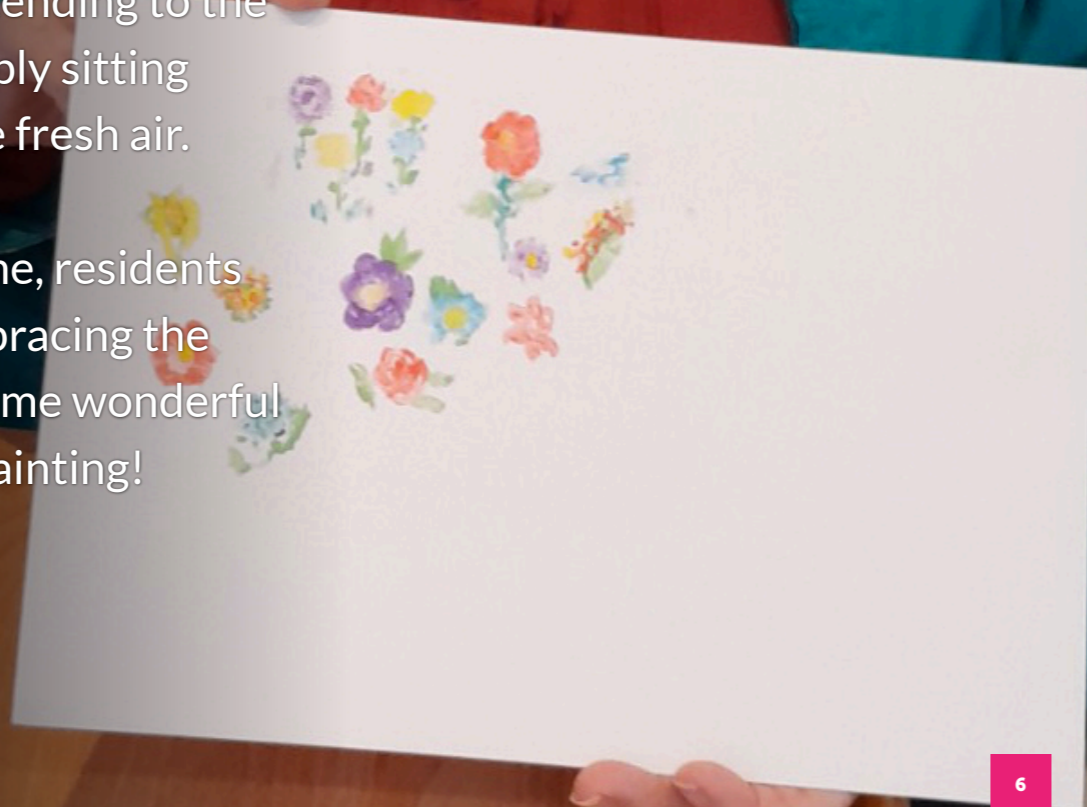

We're eagerly looking forward to having Scott back - to the point where we've already booked him for this year's Christmas party!

Spring Crafts

We're officially out of 'dark at 4pm' season, and we've never been more ready to see spring-time!

As the weather continues to improve, we're looking forward to spending more time outside with our residents, whether that's enjoying a peaceful stroll around town, tending to the garden, or simply sitting together in the fresh air.

In the meantime, residents have been embracing the season with some wonderful watercolour painting!

More Flower Fun

Our residents recently enjoyed a creative twist on a familiar favourite, as flower arranging took on a new form through a flower-pattern arts and crafts session.

The finished pieces added a cheerful splash of colour to

the room and were admired by everyone who passed by.

A simple spin-off from our usual flower arranging, but one that brought just as much enjoyment!
