- Decked Halls

...and so much more!

A MESSAGE FROM US

To say it's suddenly become very chilly would be a massive understatement - but our residents have been wrapped up warm making the most of it!

Décor Galore!

With Christmas around the corner, we've been getting the home ready for the festive season. It's a tradition for each Sai Care Home to compete to create the most festive home and this year we're determined to win the coveted award!

We've had much fun getting the tree up, dotting decorations about on the walls, and lathering everywhere with tinsel - we're aiming to make Whitfield not just the most festive Sai home, but the most festive care home in Kent!

Cuddly Corner

November brought another visit from our furry friends at Cuddly Cavies - we'd like to thank them for bringing our residents such joy this year!

Snow- vember

We saw our first bit of snow this month here at Whitfield - the perks of living on top of a hill, eh?

It didn't take long for a few of us to wrap up and venture outside for a look! Once we were out there, the idea of building a snowman more or less decided itself - a few good handfuls of snow, a couple of twigs from the garden, and a carrot borrowed from the kitchen later, and he was standing there looking very pleased with himself.

We're hoping for a proper Beast of the East this month, so we can build a proper snowman army!
